Address: Via G. Spezzapria 1, Velo d'Astico
City: Vicenza
State/Country: Italy
Zip Code: 36010

Attention: Mr. Francesco Dies

Subject: Pratt & Whitney Source Qualification

Dear Francesco,

Pratt & Whitney (P&W) is pleased to inform you that it has qualified your company as a source authorized to perform work on P&W parts and programs in accordance with the following specification:

- PWA 11, "Heat Treatments" (Suffix 32); Rotor & Non-rotor applications

This authorization may be viewed electronically on our Source Qualification List (SQL) through our P&W portal.

Please be aware that P&W Materials Control Laboratory (MCL) Manual "F" Sections establish the controls for chemical and metallurgical processing performed by P&W qualified sources. Compliance with these controls and other applicable specifications is necessary for continued qualification. Maintaining facilities, procedures, equipment, personnel and controls to P&W standards is critical to your approved status.

Process approval does not relieve qualified source of responsibility for conformance to all applicable drawing and purchase order requirements.

Should you have any questions or concerns, please don't hesitate to contact me or your local MCL SMC representative.

Congratulations and our expectations are for your continued success.

Sincerely,

David Soong
